# KROMANN REUMERT

*and has helped us turn our association into a powerhouse and key stakeholder in the CS:GO ecosystem. In January 2020, Jakob and Kromann Reumert's esports team helped us achieve the first-ever collective bargaining agreement concluded in esports which Jakob structured and negotiated on behalf of the 200 best CS:GO players worldwide. Unlike many other advisors in this space, Jakob has earned the trust of the players. This is because Jakob has a genuine understanding of our game and the ecosystem we operate in from having been active in the international CS:GO community since counter-strike was published and because he is relentless in pursuing and protecting our interests." | Andreas 'Xyp9x' Højsleth, Chairman of the Counter-Strike Professional Players' Association.*
