

# Denmark's leading law firm

- with offices in Copenhagen, Aarhus and London

# About Kromann Reumert

We are one of Denmark's leading law firms with offices in Copenhagen, Aarhus and London. We employ about 500 people, around 300 of whom are attorneys, and we cover all branches of corporate law. We provide our clients with value-adding solutions driven by our four core values: quality, commercial understanding, spirited teamwork, and credibility. Our advice, tailored to each client, is based on in-depth knowledge of the client's business and attentive cooperation internally as well as externally.

## Danish full-service law firm in the UK – with over 30 practice areas

We hold a unique position as the only Danish law firm with an office in London, where we have been present since 1991. Over the years we have rotated many of our attorneys through our London office, and we have built up an extensive network and great relationships with local clients, law firms, and other business partners.

The international work in and out of Denmark is taking up an increasing part of the assignments entrusted to us. That's why in 2021 we chose to expand our London office to cover more practice areas and house more employees, so that we will be able to advise clients on increasingly complex matters.

*"We're seeing a decided growth in cross-border transactions and cases – inbound as well as outbound – and many of them continue to be London-based. Adding to the number of our practice areas that are permanently represented in London is a way for us to respond to the general increase in demand for more specialised legal services".*

### **Direct access to Danish legal advice**

Our goal in London has always been to provide direct access to Danish legal advice in the UK and to assist the UK community of law firms, private equity funds, banks and other companies having an interest in Denmark. In an everchanging and increasingly complex world, the need for specialised knowledge is greater than ever before.

Therefore, we have expanded our already highly experienced team of attorneys to meet our clients' demands and wishes even better than before. An experienced group of partners from different practice areas, each with a solid UK/international track record, rotate between London and our Copenhagen HQ offices to assist our permanent team of attorneys in London.

### **We can help you with:**

- M&A
- Capital markets
- Banking & finance

# Ratings and awards

Every year, the legal rating agencies Legal 500, Chambers Europe, Chambers Global and IFLR1000 rank Danish law firms based on, among other things, interviews with clients and competitors. In those ratings, we are consistently ranked among the very best law firms in Denmark.

*What Kromann Reumert does so well as opposed to other law firms is their innate understanding of the law combined with excellent business insight.*

– Legal 500

*Kromann Reumert is always available, you can always get hold of them and they are very quick to know the case.*

– Chambers Europe

*It is by far the strongest law firm in the country.*

– IFLR1000
